

TRopical trans**O**esophageal **P**eriodoperative and **I**ntensive care **eX**amination

8–10 October 2025 | Peppers Blue on Blue, Magnetic Island, Townsville

Join us for an immersive, hands-on echocardiography course in a stunning tropical setting. Over three days, you'll gain practical skills in transoesophageal echocardiography (TOE) guided by a multidisciplinary team of expert cardiologists, intensivists, and cardiac anaesthetists.

Who Should Attend?

This course is ideal for clinicians experienced in transthoracic echocardiography (TTE) who are looking to expand into TOE. Perfect for:

- Anaesthetists
- Intensivists
- Emergency Physicians
- Cardiology or Cardiac Anaesthesia Fellows

What You'll Learn:

- Cardiac function assessment
- Haemodynamic evaluation in shock and post-cardiac surgery
- Common valvular pathologies
- Corrected congenital heart disease

What to Expect:

- Small-group, hands-on sessions using state-of-the-art simulators and EchoPAC workstations
- Optional advanced day (Day 3) covering 3D imaging, strain, and regional pathology in Northern Australia and New Zealand

Venue: Peppers Blue on Blue Resort, Magnetic Island

Enjoy 15% off resort-style accommodation for course participants.

Please Book directly with the hotel : (07) 4758 2400

Make It a Getaway:

Bring your family and explore Magnetic Island's natural beauty, snorkel the Museum of Underwater Art, or dive the SS Yongala wreck.

Registration:
